Welcome to RE Week 2022. Thank you so much for joining us. We hope you have a wonderful visit to this magical place, enjoy the great programming put together by your fantastic coordinators, and are able to reconnect with your families and friends.

This summer our theme is resilience. Over these last few years, we as humans have been in “boot camp” in the school of life around resilience. We chose the theme so that we could acknowledge collectively what we have learned as well as walk away from summer conferences with ideas for continuing to cultivate our resilience as individuals, as communities and as an organization.

We hope that in addition to the sense of rejuvenation you will get from your week that you will enjoy fabulous meals, the salty sea air in the morning, the glorious shade of the pines and glorious beach time in the afternoons during your visit. Thank you for making Ferry Beach part of your summer plans.

Psychologists define resilience as the process of adapting well in the face of adversity, trauma, tragedy, threats, or significant sources of stress. Developmentally, we “grow” resilience through life experiences, with the hopes that as we age, we become more resilient. We chose the theme of “resilience” this summer so that we could acknowledge collectively what we have learned through these challenging times and continue to grow and learn from them. We hope you will join us this summer for wonderful conferences, workshops, and activities as well as interfaith services around resilience!
