

Consumable Donation Policy

- Chairs
- Bench
- Plaques

Once accepted, a donated item(s) or a monetary gift that is used to purchase an item becomes the property of Ferry Beach Park Association. Occasionally, donated or purchased equipment and/or consumables will not be of use anymore to Ferry Beach Park Association. We retain the right to dispose of a donated gift as we see fit, unless another arrangement has been made with the donor. For example, a rocking chair donated to Ferry Beach in honor of a person or organization usually has a useful life of 7-10 years, after which we dispose of the worn-out item. In cases where the item is no longer useful to Ferry Beach, we may pass it along to another not-for-profit. Alternatively, Ferry Beach Park Association may sell an item, with any income from the sale to be solely used to further Ferry Beach Park Association's objectives.
