

DeWolfe Dining Hall

Our chef incorporates diversity from around the world in his cuisine. As we bring people together at mealtime we explore the variety of flavors from different cultures. The freshest ingredients have been gathered locally. Our goal is food that is delicious, interesting, a little adventurous and something wonderful you will remember. We offer a full meal plan making mealtime as easy, and delicious as possible. We also compost.

We hope you will join with us as we explore the best way to share the values, beliefs and safety we find at Ferry Beach with others in the world. We look to you, our members, to help us affirm the importance of beloved community in an increasingly challenging time of change.
