Welcome back to Ferry Beach - we have missed you! It has been a very challenging year and we are so happy that we are able to see your smiling faces once again.

For 120 years, families and individuals have been visiting Ferry Beach to explore, grow and renew in the spirit of universal love. It was in 1901 when universalist minister Quillen Shinn brought people to Ferry Beach and decided to make permanent home here.

Though some things have changed at Ferry Beach because of the pandemic, this special place and the amazing community of people who come each week remains the same! Even with these changes we expect you will have just as much (if not more) fun reconnecting with families and friends after a very long year separated.

We hope you enjoy your week at Ferry Beach. Please let us know if there is anything that we can do to make your stay more enjoyable.

Memories from 2019

CONNECT WITH US!

Our lives changed forever in 2020. The unimaginable halted the world we knew and we are so happy to be finding our way to a new normal. After a year of challenges, we are asking you to imagine with us how to re-invent our communities in order to really honor our diversity. Ferry Beach will be asking everyone to practice radical hospitality: new ways to welcome the other into our hearts. We want everyone associated with Ferry Beach to imagine a world that works for all of us, not just some of us.
